

RECONSTRUCTED PLESIOSAURUS

This drawing is based on fossil remains of this marine dinosaur.

DRAWING OF THE CATCH

This drawing was made by the zoologist that was on the Japanese fishing vessel, during his examination of the large *plesioraur*, which the vessel brought up from the depths.

JAPANESE COMMEMORATIVE STAMP

This is the 1977 postage stamp which triumphantly proclaimed the Japanese National Exhibition, and their discovery that year of the first living *plesioraurus*.
